1. Comment. The fact that the GOFG depot in Wulkow, which has a low volume of supply traffic, is operated by a staff of about 150 men tends to indicate that the installation is stocked-up to capacity. The motor vehicles identified belong to the Rear Services of the GOFG.
2. Comment. The shipments were previously reported
3. Comment. Outgoing shipments were consigned to all but the Second Gds Mech Army in which area Wulkow is located.
